Lab 0: Introduction to MATLAB
Instructor Verification

Name: _______________________________________________
Date of Lab: __________________

2.1 Basic Commands
Explain what the difference is between the operation xx.*xx and the standard matrix product xx*xx.
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

TA verification ______________________________

2.3 MATLAB Script Files
Use the built-in MATLAB editor to create a script file called funky.m and run that script from MATLAB.

TA verification ______________________________

2.5 MATLAB Sound
Generate a tone (i.e., a sinusoid) with a frequency of 2KHz and a duration of 1 sec. in MATLAB and listen to it. Play with the sampling rate and listen to the effects.
