Course Syllabus ELEG662-010 Digital Systems Seminar

Instructor:
Prof. Rudolf Eigenmann (eigenman@udel.edu)

Instructional Approach:
This is a seminar class with bi-weekly lectures and discussions by guest speakers, faculty and students on specialized topics in digital systems.

Meeting Dates and Speakers:
See Seminar schedule posted on Canvas and also on the instructor’s web page.
There will be a brief orientation on the first “class” date on 2/13.

Meeting Time and Location:
The seminar class is on Wednesdays.
Starting time is 11:15am and duration is 1 hour.
Seminar location is EVANS 204.

Grading Policy
The grade for this class is pass/fail and is based on attendance. An attendance poll will be taken by instructor before the start of class. There will be six speakers/seminar dates in Spring 2019.
• If you attend four or more seminars -you will PASS.
• If you attend less than four seminars -you will FAIL.
Exceptions to above policy require student to work with Assistant Dean Shermeyer to submit proof of extenuating circumstances so that Dean's office emails instructor official Excused Absence Notification.
