

1 July 2012

Dr. David Mills
Adjunct Professor
Electrical and Computer Engineering Department
University of Delaware
149 Evans Hall
Newark, DE 19716
USA

Dear Dr. Mills:

On behalf of the IEEE Board of Directors, it is my great pleasure to congratulate you on being named recipient of the **2013 IEEE Internet Award** for exceptional contributions to the advancement of Internet technology for network architecture, mobility and/or end-use applications with the following citation:

"For significant leadership and sustained contributions in the research, development, standardization, and deployment of quality time synchronization capabilities for the Internet."

For nearly a century, the IEEE Awards Program has paid tribute to technical professionals whose exceptional achievements and outstanding contributions have made a lasting impact on technology, society, and the engineering profession. Each year the IEEE Awards Board recommends a highly selective group of recipients to receive IEEE's most prestigious honors, so you can feel justifiably proud.

Specific details regarding the award presentation will be e-mailed separately by the IEEE Awards Staff.

Again, congratulations on your achievements, and thank you for your commitment to IEEE and its mission of advancing technology for humanity.

Sincerely,

Gordon Day
IEEE President
