Assessment of Individual Performance in a Group Project
For PROGRAMMING CONTEST PROJECT

YOU SHOULD FILL THIS OUT INDIVIDUALLY AND IN PRIVATE, NOT WITH YOUR GROUP MEM-BERS. PLEASE BE HONEST IN YOUR ANSWERS. THIS PEER EVALUATION WILL BE USED TO ASSESS YOUR INDIVIDUAL CONTRIBUTION IN THE PROJECTS.

Use this form to assess the contributions of everyone in your group, including yourself. Please be accurate and honest in your answers.

Your Name: _____

Part 1: Division of Labor.

Please list the Names of each Group Member, including yourself, and list the tasks beside each name to indicate what each person did in this project. Please specify what part of the projects each did. If you all worked together and did not distribute work, just say that.

1. _____

2. _____

3. _____

4. _____

5. _____

Tasks could include: making design decisions, planning, coding, identifying and fixing errors, writing documentation, managing the group's time/efforts,etc.

Part 2: Your perspective on work division/group dynamics.

If your group was given $1000 for working on this project, place a whole dollar figure beside each person's name above to represent the amount you believe that person "earned". Note that the total should be exactly $1000. The dollar figures should generally represent the share of the work done by the group members.

Any final comments about the group's interaction/productivity?
