

# Flash Talks in CISC 879

# Your assignment

Choose a partner if you like.

Choose a random number.

Go in order of numbers chosen: Select your top choice of available flashtalk topics from class schedule.

# What is a Flash Talk?

- 10 minutes and then cut off
- Overview of the paper
- Honest sales pitch for the paper/work
- Entertaining and informative
- See <http://servo.cs.wlu.edu/pubs/bitstream/handle/id/280/MSR2013-Presentation.pdf?sequence=3>

# Key Components

- Illustration of the problem at the high level
- Statement of the Research Question/Problem
- Strong motivation – evidence, examples,...
- Challenges – why not simple to solve
- State of the art/practice
- Insight of Approach
- Challenges to be addressed by approach
- Several slides on approach – enough detail/example to appreciate
- Evaluation methodology
- Evaluation results
- Significance of contribution
