CISC 879
Discussion on TraceLab papers

Discussion Format Today:
Making Posters!!! – TraceLab Library

- Create Groups – pick a card
- Each group will discuss their questions, and then create and share a poster
- Groups and Questions:

  1: The problem – overall and specific details they target
  - Importance/Motivation for work and any evidence
  - Related Work

  2: Approach: Key insights
  - Key contributions
  - Major parts of technical approach

  3: Evaluation: methodology – what they did to evaluate
  4: Evaluation results, conclusions, implications, limitations

Discussion of Enhancer Paper
Poster – Thursday, 9/26 in class

- Groups and Topics:

4: The problem – overall and specific details they target

    Importance/Motivation for work and any evidence

    Related Work

3: Their Hypotheses and insights into them

2: Experimental Design:

    Questions, Subjects, Independent variables: IR approaches and corpus treatment methods

1: Results: Key observations and take away messages

    What should we have learned from their study?

Everyone: Threats to validity of generalizing from their work
