

**CISC 105 Summer 2005  
Student Survey**

Name:

Year:

Why are you taking this course? (degree requirement, for fun, considering computer science as a major, etc.)

What experience do you have using a computer? (Briefly list your experience with different operating systems, web browsers, and applications.)

What, if any, experience do you have with programming? (Briefly list any programming languages you are familiar with, and explain how familiar you are with each programming language.)

What do you like to do outside of school?
